A NARROW ESCAPE.

An Electric Wire Gets Fouled With One of the Western Union's—A Fire, Considerable Damage and a Narrow Escape.

What might have been a very serious accident, resulting in the destruction of property and possibly the loss of life, had fortune been a trifle less favorable, occurred Wednesday night at the Western Union Telegraph Co.'s repeating office in this city.

The falling snow and collected upon one of the electric light wires in sufficient quantities to cause it to sag down upon a Western Union wire. The snow acted as a perfect conduit, and the electric light current proceeded to divide its thousand volts with the comparatively weak current in the other wire. Where the two met, at times, would stream up a dazzling electric flame. The night operator, Mr. Sedgwick, was in the repeating office, and about 9 o'clock noticed that something was wrong with the wires. An examination showed that the shift board was afire and that the combustible portions of half the instruments were burning.

He immediately notified Mr. Shearer, who was attending lodge in the adjoining Thompson's hall. The two with the assistance of the lodge members set to work to save the office. But dealing with electric wires supercharged as these were was a dangerous and delicate operation, as a single touch would produce instant death. The hands had to be completely insulated and then the wires cut. Finally this was accomplished and the fire extinguished. The damage is considerable as the Wheatstone instrument is ruined and a number of others more or less injured. After the danger was over Mr. Shearer went down to the Electric Light works. As he was returning he noticed a wire lying upon the snow crossing the railroad track. He struck it with his foot when it blazed up like a flambeau. He sprang aside and the wire blazed again. His escape was almost miraculous.

Supt. Caffrey, of the Electric Light Co., says the Western Union folks must keep their wires up higher.

Another Indian Scare.

Walker Lake Bulletin: Last Sunday afternoon a great commotion was noticed among the Indians around town, and a number of fires were sending out smoky signals from Mt. Grant. Nearly all the Indian bucks left for the mountain, some on ponies and others on foot. It was reported about town that the fires were to call the able-bodied warriors to the hills, where they had an appointment with the Messiah, who was to give them orders to charge on our slumbering town and steal our wood, or do something else dreadful. A nervous tremor danced along the corrugated edges of our spinal column, and we bemoaned our inability to charter a special train and emigrate.

But there was no meeting with the Messiah. The cause of the exodus to the hills was the killing of six deer near the summit of Mt. Grant, and the signal fire summoned men and horses with which to bring the game to town. And thus another Indian scare passed by.

Old Barrett.

Enterprise: Barrett, who used to be the chief old potato raiser down in Dayton, is now following out the same line of business in Mason valley is in town having his kidneys and liver fixed up. He is only about 90 years old, but he trots around among us young fellows yet, same as he used to when he ran that very lively wildcat and bulldog fight down in Piper's old Opera House twenty years ago. Barrett's cat paralyzed all the dogs and quit howls of the cage. John Barrett offered to bet 1,100 sacks of potatoes, with the ranch and team, thrown in, that there wasn't a dog in the world that could get the best of his cat. Meanwhile the aforesaid cat skipped out of the back door without waiting for his share of the gate money. Jim Orndorff lost over \$1,700 on the dog portion of the controversy.

For the Native Sons.

Austin Advocate: We had our attention called a few days ago to two beautiful satin banners, intended for the Native Sons of Nevada. Both designs were made by Mrs. F. P. Van Patten, whilst the lettering of one was done by G. A. Trautner and the decorations by Miss Tillie Van Patten, and both the lettering and decoration of the other was done by Miss Tillie Van Patten. The young gentlemen composing the order will highly appreciate these beautiful mementoes, and for years to come the two banners will be a living monument of the genius, artistic skill and kindly feeling of Mrs. Van Patten, Miss Tillie and Mr. Trautner toward the new order. May the Native Sons and Daughters multiply a thousand fold.

An Exciting Moment.

As W. E. F. Deal, J. A. Stephens and Charles Berham were driving up Main street in Gold Hill Tuesday, just behind a big wood team with back action on, the latter broke away from the former and bore down fast toward the buggy team in the rear. Mr. Deal, who was driving, turned his team against the old church building, and there, anchored to the rock of ages, waited for the crash which seemed inevitable. The swamping of the wood team, however, had caught up to his runaway and put on the brakes, and stopped it within ten feet of the buggy team, whose occupants, notwithstanding the character of their protection, were pretty well frightened.

A New Venture.

THE SECRET BALLOT.

The [Modus] Operandi of the Australian Ballot Law.

Virginia Chronicle: Notwithstanding the Australian ballot system was recommended by both parties in their State platforms, there appear to be quite a number of persons who are in ignorance in regard to the details of its workings. They are substantially as follows: Ballots are to be provided at public expense. None but these ballots are to be used; on them are to be printed the names of all candidates who are nominated either by conventions or petitions a short period prior to the election; the ballots are to be distributed only by sworn ballot clerks, at the polls, to voters, and for actual and immediate use in voting. The voter is allowed five minutes in which to retire to a booth conveniently arranged, where he secretly marks his choice of candidates upon the face of the ballot, or, if he prefers, writes the names of candidates of his own nomination in place of those already printed; having done this he proceeds directly to the ballot box, and, without exposing the face of the ballot or communicating with any one, deposits the ballot as his vote. For the benefit of the blind and illiterate, such a voter is permitted to select one of the two ballot clerks, who, under oath of fidelity and secrecy, assists him to mark his ballot. If any person in preparing a ballot spoils it, he may successively obtain others one at a time, not exceeding three in all, upon returning each spoiled one. The ballots thus spoiled must be immediately cancelled and preserved by the ballot clerk.

Cleveland's Minstrels.

"Do you know that a fine minstrel show is, as a matter of fact, the best of all entertainments." The speaker, who was one of a party of gentlemen discussing amusements, in the office of a prominent hotel of this city, continued: "I mean by the best that you get more for your money, and can come nearer having the varied tastes of a great audience suited, than you can by any other class of entertainment that I know of. Take a show like Cleveland's Colossal Colored Carnival Minstrels, that is to be here shortly. Now, there is a troupe of artists—not novices, but performers—all of whom bear the stamp of approval of the most critical audiences. Such a number of players, of their conceded merit, are bound to please, so great is the variety of their finished work. To the sentimental there is nothing sweeter than the touching ballads of sweet-voiced minstrel singers. Here you get tenderness and pathos. To the humorous, the ead-men, with everything that's funny, make sunshine out of darkness. The comedians in their specialties are "side-splitting," and the startling productions of novelties hold all in admiration. The stage settings used by this company are of a magnificence not conceived of by those who have not seen them. To the average person their splendor seems like a dream, and in richness, holds the artistic eye spell-bound. Nothing is too good to be used by this company, when their reputable Manager thinks it will add to the enjoyment and entertainment of his patrons."

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? It so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21 awf-y

Will Visit Reno.

On Friday next (Dec. 5), a highly educated, accomplished and successful physician, Dr. Base, will visit our town. The doctor's experience is probably more varied and greater than any other specialist on the coast. Educated in the large hospitals of Europe he afterwards entered the United States navy; has made three trips around the world and visited many of the large hospitals. He also served under General Crook in the late Indian campaign. We advise every man or woman with an obscure, obstinate or private disease to seek his advice at once. Office, Palace Hotel. The doctor's terms are most reasonable.

Deer are Plentiful.

Nevada City Herald: Deer are plentiful all over the foothills now. They are coming down from the higher mountains for winter quarters. The close season begins on the 15th, and hunters are making the most of the time. Dr. Muller brought in one from Pleasant Valley yesterday, and this morning Eugene Brindjon brought in a buck which weighed 180 pounds, from Blue Tent, and Thomas McLeod also brought one from Voss' mill. Deer hunting is in its prime now.

Rain and Snow Last Season.

The rain fall as computed by the Southern Pacific Company at Truckee last season is as follows: October, 3.13; November, 2.22; December, 1.19; making a total for the season of 6.54.

The snow fall for November was 10.75; December, 134.50; January, 163; February, 89; making a total for the season of 396.25 inches.

IRRIGATION.

Text of the Bill Introduced by Representative Vandever.

Below is the text of the bill introduced in the House Monday by Congressman Vandever. It is thought in Washington that the bill, amended somewhat, will be passed before the session closes. As it will have an important bearing on Nevada it is given in full:

SECTION 1. The Secretary of the Interior shall cause the arid lands of the United States, where irrigation is necessary for successful agriculture, to be surveyed and platted into irrigation districts in such a manner that each district shall consist of a basin for the collection, storage and distribution of the water to be used in irrigation, together with a catchment area and sites for reservoirs on all irrigable lands on which the waters of such irrigation districts can be used for irrigation.

SEC. 2. That lands embraced in the irrigation districts as herein provided shall be ceded to the several States and Territories in which they are situated for the purpose of reclamation and settlement upon the following conditions, to-wit: First—It shall be incumbent upon the State or Territory to provide that the qualified voters of each irrigation district may organize as a body corporate and politic, for the purpose of controlling water for irrigation and for other beneficial purposes and for the construction of irrigation works by any of the methods to-wit: First, by the sale of irrigable lands; second, by the co-operation of the people interested therein; third, by taxes levied on the lands irrigated; fourth, by the issuance of irrigation district bonds, the interest and principal to be paid by taxes levied on the lands irrigated; fifth, by granting to persons and corporations the right and imposing on them the duty of supplying water for irrigation and other beneficial purposes through the agency of irrigation works for a term of twenty-seven years, and by further providing that at the expiration of such term of twenty-seven years from the beginning of the first service of water the rights and duties of such persons or corporations shall terminate, and all such irrigation works shall thereupon become and be the property of the respective irrigation districts to which they pertain; then in such cases the people of each irrigation district in their corporate capacity, may use and control the reservoirs and sites for storage of water for agricultural and other beneficial purposes. Second—It shall be incumbent upon the State or Territory to select suitable irrigable lands, to be disposed of by the State or Territory, as hereinafter provided, and the residue of lands in the irrigation districts shall be declared timber lands, to remain the inalienable property of the State or Territory as catchment areas for water to be used in irrigation.

SEC. 3. Any State or Territory in which are situated any of the irrigation districts provided for in this Act shall have authority to dispose of the irrigable lands by sale to actual settlers, the proceeds of such sale to be used in the construction of irrigating works necessary for their reclamation.

SEC. 4. That any State or Territory in which are situated any of the irrigation districts provided for in this Act shall have authority to provide by statute for the use and protection of the forests of timber lands and the use and protection of the grazing on pasturage lands by citizens of the irrigation districts.

SEC. 5. That this Act shall not be construed to convey to the States or Territories any mining lands or coal lands included in the timber and pasturage lands, but such mining and coal lands shall be subject to acquisition under the statutes of the United States provided for their disposal.

SEC. 6. That whenever the Governor of any State or Territory wherein are situated any of the irrigation districts provided for in this Act shall have certified to the President of the United States that the provisions of this Act have been complied with by such State or Territory, and shall have properly exemplified the same, and if the President shall find that such provisions have been properly complied with, he is hereby authorized to issue his proclamation setting forth the facts and declaring that such State or Territory, and the people of such irrigation districts, are entitled to the benefits of this Act, and thereupon it shall have full force and effect.

Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet surely and efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and by thus overcoming the local symptoms removes the sympathetic effects of the disease, banishes the headache, and refreshes the tired mind.

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me no good. In an hour after eating I would experience a faintness, or tired, all-gone feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, which is that of a painter, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla—look three bottles. It did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced." Small little FORTUNES have been made out of a few lines of copy by Anna Page, Austin, Texas, and her husband, Ben. See how easy it is to make money. Why not you? Some have made over \$500.00 a month. You can do the work and live at home, where you want. Even beginners are easily earning from \$5 to \$10 a day. All ages. No show you how and start you. You can work in spare time or all the time. Big money for workers. Future unknown except to those NEW and WONDERFUL. Full particulars FREE. H. Hallett & Co., Box 550 PORTLAND, MAINE.

A YEAR! I undertake to briefly teach any fairly intelligent person of either sex, who can read and write, and who, after instruction, will work industriously, how to earn Three Thousand Dollars a year in their own localities, wherever they live. I will also furnish the situation or employment, at which you can earn that amount. No money for me unless successful above. Easily and quickly learned. I desire but one worker from each district or county. I have already taught and provided with employment a large number, who are making over \$5000 a year each. It is NEW and SOLID. Full particulars FREE. Address at once, C. C. ALLEN, Box 450, PORTLAND, MAINE.

\$3000.00 a year is being made by John R. Goodwin, Iron, N. Y., as work for us. Reader, you may not make as much, but we can teach you quickly how to earn from \$5 to \$10 a day at the start, and more as you go on. Both sexes all ages. In any part of America, you can commence at home, giving all your time, or spare moments only to the work. All is new. Great pay \$1000 for every worker. We start you, furnish everything. EASILY, RAPIDLY learned. PARTICULARS FREE. Address at once, C. C. ALLEN, Box 450, PORTLAND, MAINE.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue—Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$200,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno. Reno is the County Seat of Washoe County, the wealthiest county in Nevada.
